

**The Christian Community Center of Harlan exists for the spiritual, social, and economic development of our beautiful community.**

**Our Story:**

The former elementary school building sat empty for a few years as the school district consolidated the school system

With the help and encouragement of a few community members, we pursued the possibility of being able to purchase the property, and with Divine guidance, we were handed the keys to the building in February of 2014.

With so many of the local residents having attended this very school, it is so fitting that it is being used by the same people for community events of all kinds. The kitchen and cafeteria being used extensively for the gathering place.

*We look forward to seeing you at the*
